

Education

- Dec 2019 **Carnegie Mellon University - School of Computer Science, Pittsburgh, PA,**
Master of Science in Machine Learning.
Coursework: Advanced Introduction to Machine Learning, Probability and Mathematical Statistics, Convex Optimization, Machine Learning for Large Datasets
- July 2018 **Birla Institute of Technology and Science, Pilani, Hyderabad, India,**
Bachelor of Engineering (Honours) Computer Science, CGPA: 9.93/10.
Selected Coursework: Machine Learning, Artificial Intelligence, Data Mining, Information Retrieval, Data Structures and Algorithms

Skills

Programming Languages: Python, C/C++, Java, MATLAB, SQL **Libraries:** NumPy, SciPy, PyTorch

Experience

- May 2017– **Intern, Smart Data Analytics Research, Universität Bonn, Bonn, Germany.**
Aug • Developed an automated fact verification system called DeFactoNLP which could not only assess the veracity of a claim but also retrieve supporting evidences from Wikipedia
- 2018 • Built a state-of-the-art system which could automatically ascertain the trustworthiness of a website
• Participated in the development and benchmarking of DeFacto, a triple verification framework
- Jan– **Intern, Cognition Lab, Indian Institute of Science, Bangalore, India.**
May Utilized functional magnetic resonance imaging (fMRI) and machine learning techniques to identify which brain
2018 regions are involved in attention modulation

Academic Projects

- Birla Institute of Technology and Science, Pilani, Hyderabad, India**
- Aug– **Named Entity Recognition for Telugu using LSTM-CRF.**
Dec Devised a system which made use of Long Short-Term Memory (LSTM) and Conditional Random Fields (CRFs) to
2017 recognize named entities mentioned in Telugu texts with an F1 score of 0.8513
- Jan– **Using Machine Learning for Obtaining Stock Trading Insights.**
May Designed a system which gave various stock trading insights to the user by employing various machine learning
2017 methods and helped maximize his/her gains
- Aug– **Deep Learning Techniques for Image Classification.**
Dec Explored the usage of convolutional neural nets and transfer learning for image classification and built a system
2016 which achieved a 74.79% accuracy on the CIFAR-10 dataset

Honors

- 2018 **Gold Medal**, Birla Institute of Technology and Science, Pilani, Hyderabad, India
- 2018 **Best All-Rounder Award**, Prof. V.S. Rao Foundation
- 2014–18 **Merit Scholarship**, Birla Institute of Technology and Science, Pilani, Hyderabad, India
- 2017 **Working Internships in Science and Engineering Scholar**, German Academic Exchange Service

Publications

- **Aniketh Janardhan Reddy**, Monica Adusumilli, Sai Kiranmai Gorla, Lalita Bhanu Murthy Neti and Aruna Malapati. 2018. Named Entity Recognition for Telugu using LSTM-CRF. WILDRE4, organized under LREC 2018.
- Diego Esteves, Anisa Rula, **Aniketh Janardhan Reddy**, and Jens Lehmann. 2018. Toward Veracity Assessment in RDF Knowledge Bases: An Exploratory Analysis. J. Data and Information Quality 9, 3, Article 16 (February 2018), 26 pages.
